About This Game

Summary

Einar is a single-player 3rd person hack and slash based on Norse mythology. The player takes on the role of Einar, who is on a quest to kill the inhabitants of a Norse fishing village who are infected by a mysterious material. Use different weapons such as the bow, hammer and axe to clear the village of the monsters.

Features

- Intense combat featuring three different weapon and enemy types.
- Beautiful environments and lighting inspired by real-life landscapes.
- Complex AI which groups and attacks the player from unexpected angles.
- AAA-quality graphics and gameplay.

Music

Beautiful Soundtrack and Audio created in collaboration with Moana Production.

About

DreamPunks is game development studio from Breda, The Netherlands.

Einar was developed by a group of 40 students of the NHTV University of Applied Sciences in Breda, the Netherlands.
